Subject: FW: Pavillion Work Group Meeting Status

Was BLM given any advance notice of our joint announcement with the State? I hope they didn't hear about it in the newspaper. They have significant interest given that they permit 60% of the wells, and Wyoming products related to well integrity and pits will have implications for them.

Subject: Pavillion Work Group Meeting Status

Good Afternoon Gentlemen:

As the BLM representative on the Pavillion Work Group, I just wanted to check in and see if there have been any current developments with the Pavillion matter and learn of any forthcoming meetings etc.

I have been asked by my management to prepare a periodic, monthly, briefing input item on Pavillion. Anything note worthy would be appreciated.

Please do not hesitate to contact me I may provide additional information or comment.

Thank You,

Karl
